

Holy Trinity Church - Opening of the church building for private prayer Sundays 10am to 10.45am

The church building

1. A risk-assessment has concluded it is safe to open the church for private prayer.
2. Our cleaners have conducted a thorough clean.
3. Entry and exit to the building is through the main entrance. We ask people to keep a safe distance when at the door. We enter the nave of the church (the worshipping space) through the Entrance door and exit the same way.
4. Plastic chairs are laid out 2m apart. There are 33 chairs in the church nave and 7 chairs in the gallery. People from the same household can sit together.
5. There are hand sanitiser dispensers around the church. People are encouraged to use them as they enter and leave the building.
6. The plastic chairs will be wiped clean after each Sunday opening.
7. The toilets are closed.
8. The kitchen is closed for the time being.
9. People must wear face coverings.
10. There will be no Sunday club and the Children's Room is closed. However, children are very welcome to come for private prayer and parents and carers are responsible for them abiding to the 2m social distance.
11. There will be no singing. Music may be played on a CD player.
